-

Cooperation — — Prospective

- To enhance cooperation relations with ParisTech and its members
- To enhance cooperation relations with IDEA League and its members
- Some suggestions for promoting the collaboration
 - To encourage exchange and joint academic activities between professors, especially on joint-application and work for big research projects
 - To increase joint-education programs and student exchange
 - To enhance closer links with French industries
 - To organize bilateral or international conferences and workshops
 - To carry out the cooperation on Cultural, Humanities and Social Science

Cooperation— —Preconditions

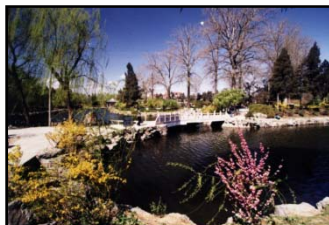

- Benefit for cultivating talents, investigation and innovation
- Common intents, interests, “win-win” for all partners
- Financial support
- Faculty and students
- Academic, logistic and other service supports

Suggestion:

- ◆ to set up a fund for faculty exchange
- ◆ to set up a fund for promoting the joint-education and joint-exploration research

Merci Beaucoup Welcome to Tsinghua !
